

ARE YOU LOOKING FOR A RESEARCH OPPORTUNITY FOR SUMMER 2021?

Applications open on **December 23rd** for USC Viterbi School's Summer Undergraduate Research Experience (SURE)

OVERVIEW

The Viterbi School Summer Undergraduate Research Experience (SURE) offers highly-qualified students hands-on research experience in a wide variety of engineering disciplines. Working alongside USC's world-class faculty members, students develop research skills in their field of interest and build important relationships that will further their academic and research careers.

ELIGIBILITY

- Junior or sophomore undergraduate student
- U.S. citizen or permanent resident or Canadian citizen
- Strong academic background
- A statement of purpose and two letters of recommendation

BENEFITS

- Receive a \$4500 stipend, housing, and round-trip travel to Los Angeles
- Gain experience and skills to enhance your application to competitive PhD programs
- Explore the rich and diverse culture of Southern California during a two-month stay in Los Angeles while learning about resources at USC
- Network with faculty and fellow participants
